RE: House Bill 6578

Senate Bill 1017

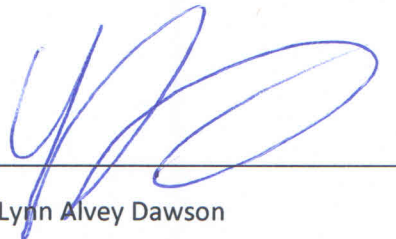

Dear Representatives;

I am writing in support of HB 6578 and Senate Bill 1017. I am a voter from Cheshire, Connecticut.

Automatic voter registration is a common sense reform that saves taxpayer money and helps increase voter participation.

Connecticut is way behind its neighbors in the Northeast on this issue. It is past time that we make voting more accessible to all of our citizens.

Thank you for your work,
